Our Story

Ever-care Contract Furnishings is an agency dedicated to sourcing the best manufacturers to supply the specific requirements of the healthcare and institutional markets.

As the healthcare industry has evolved, our research has shown us that no single manufacturer can provide all of the needs of our clientele. Therefore, we have sourced products that are specifically designed for the healthcare industry using a variety of manufacturers. *This allows us to offer the best product for the best price.* We achieve this both through the quality and varied design selections available to meet our customer's needs.

With over 25 years of experience in the healthcare and institutional furniture manufacturing industry, as well as an interior designer on staff, we can ensure the product we offer meets and exceeds the demands specifically required for the end user. Even though we deal with various manufacturers, once your order is produced, we coordinate shipping and delivery to your facility and provide installation if required. Our dealer representatives are committed specifically to our product. Please contact us to locate a dealer representative in your area or visit our website.

Our promise is to provide you with quality, selection and value that will meet and exceed your healthcare and institutional furnishing needs.

Wayne M. Janzen

President of Ever-care Contract Furnishings

- b) Special sizing available on request.
- c) Seat foam can be ordered in regular, firm or extra firm, at no extra charge.

6. SPRINGS

- a) Standard spring is the sinuous wire; #8 Gauge for the seat, #12 gauge for the backs.
- b) Coil seat springs available on request.
- c) All springs systems have a 25 year warranty.

CASE GOODS

STANDARDS & SPECIFICATIONS

1. MATERIALS, WORKMANSHIP AND CONSTRUCTION

All materials used in fabrication of case goods will be new and the best grade obtainable of their respective types. The method of construction, framing, jointing, fitting, fastening and finishing will be of the highest standard applied in our industry and also made to conform with model and specification, where required, according to the customer's specification.

2. WOOD

All wood will be of the best of its kind for the purposes specified. It will be thoroughly seasoned and kiln dried to a moisture content of six to eight percent before manufacturing. It is also standard for Ever-Care Contract Furnishings to take proper precautions to maintain the specified moisture content during production.

3. INTERIOR PARTS

All solid interior parts will be free from defects, which might impair serviceability and species, or types that are aesthetically and structurally correct for their purpose

4. HARDWOOD PLYWOOD

Face veneers will not be less than .025 before sanding and will be either rotary cut slices or flat slice for exposed panels. All face veneers will be matched for colour and grain to present a uniform appearance. When back veneers are of different species than a face, they will be of the same density and thickness.

5. HIGH PRESSURE LAMINATED PLASTIC FACE

All tops and other surfaces that are specified to be plastic faced will have 45 pound density particleboard or approved equal core. Backing sheet on underside to be .03 in thickness. Glue used will be urea resin or equal, to provide for Type 11 bondage, according to the requirements of CS-35-36. All tops of case goods are to be in 1/1" laminate.

6. JOINTS

Joints will be either splined, mortise and tenon, doweled, or full length blocked, glued and screwed in two directions, following the best practice of construction. All joints will be set up for perfect gluing. All work will be carefully corner blocked, well fitted, glued and reinforced with wood screws. Joint glue will be of the best quality hide glue.

7. DRAWERS

Drawer fronts will be a minimum $\frac{3}{4}$ " thick material, unless otherwise specified. Drawer sides and backs will be a minimum $\frac{5}{8}$ " thick white melamine taped on all sides, joined to each other and to drawer fronts. Drawer bottoms will be white marlite, $\frac{3}{16}$ " thick in all cases, contained in dados on four sides, and stapled to assure continuing squareness. Roller side guide drawer suspension slides are clipped with four rollers, using patented silent glide, polyurethane tires, which provide positive locking action in open position for easy removal of drawer from cabinet and eliminates metal to metal contacts.

All Ever-Care Contract Furnishings drawer boxes come with a life time warranty.

8. GLIDES

Case good furniture pieces (except wall mounted items and seating pieces) will be provided with a minimum $\frac{5}{8}$ " diameter non-marring, corrosion proof plastic glides.

9. HARDWARE

Pulls, handles and other decorative hardware will be of the type and finish as shown on the drawings and/or specified. Samples may be submitted to compliment design, for approval.

10. MIRRORS

Mirrors are $\frac{1}{8}$ " or 3 mm. Mirrors, supplied to Ever-Care Contract Furnishings by a glass specialist, are manufactured from S.Q. (silver quality) float glass, which is cleaned and polished using cerium oxide. A sensitizing solution is applied. Copper is then applied and electrolytically fused to the silver to produce a hermetic seal. The final step is an exterior coating of hard composition paint which is baked on.

11. SCORING OR "V" GROOVING

Scoring, where indicated on drawings, will be approximately $\frac{1}{16}$ " x $\frac{1}{16}$ " deep routed with edges sanded smooth, unless otherwise specified.

12. STANDARDS OF WORK

All workmanship be Ever-Care Contract Furnishings will be of the highest grade used in furniture and cabinet work and will contain all structural and artistic detail as indicated on the drawings or pictures and exemplified by the best standard of furniture craftsmanship.

13. ATTACHING DEVICES

Ever-Care Contract Furnishings will supply hardware. Brackets and cleats required for headboards and mirrors to be attached to walls.

14. FINISHES

All materials used in the finishing of furniture will be of the highest grade of their respective kinds. Ever-Care Contract Furnishings uses catalyzed lacquer, which is resistant to water, alcohol, cosmetics, and even paint remover, unless left for a prolonged period of time. Skilled tradesmen apply this material. Each step of the process is supervised, with sanding in between coats to make sure that the finish is even and smoothly applied to produce the best possible results. All edges are sand papered for a smooth and softened appearance.

15. TRANSPORTATION

All items shipped by Ever-Care Contract Furnishings will be properly crated or blanket wrapped for total protection from damage during transportation. Any damaged pieces must be reported to the transport company immediately.

16. IDENTIFICATION

Tag, label or other identification for each item of case pieces, with their item number, location, and/or room number and/or any other information will be provided only if requested and specified by the owner or purchaser.

17. OWNER'S RESPONSIBILITY

The property is responsible to engage a properly qualified person to receive and verify receipt of all items from transport company which were shipped by Ever-Care Contract Furnishings and to store items with due regard for protection from the elements, heat, cold, humidity, fire, theft and damage until required for installation.

DINING TABLE STANDARDS & SPECIFICATIONS

- 1. Frame Construction:** Aprons are constructed utilizing kiln-dried hardwoods, which are to have a moisture content not exceeding 6 -8%. All leg assemblies are secured to apron with metal connectors.
- 2. Top Construction:** Tabletops are fabricated utilizing 25-mm industrial particle core substrate with a 45 lb. density. The laminate top shall be a balance sandwich construction with a standard backer sheet. All exposed edges shall be finished with a 25 mm x 13 mm kiln dried hardwood, which is to have a moisture not exceeding 6 –8%. Hardwood edges are mechanically banded to substrate to maximize gluing surface. Hardwood edge profiles as per catalog options indicated.
- 3. Legs:** Options include 60 mm diameter x 710 mm high, epoxy coated, veneer wrapped metal leg with PVC adjustable glide, Queen Anne style hardwood leg or Chippendale style hardwood leg.
- 4. Finish:** All exposed wood parts will be sanded smooth and sealed with 3 coats of catalyzed lacquer. The lacquer will be 35 degree sheen and be a type that is alcohol, water and grease resistant. Sanding of surfaces shall be required between each coat of lacquer to ensure a smooth consistent finish.

COFFEE TABLE/END TABLE STANDARDS & SPECIFICATIONS

- 1. Frame Construction:** Aprons are constructed utilizing kiln-dried hardwoods, which are to have a moisture content not exceeding 6 -8%. All leg assemblies are secured to apron with metal connectors.
- 2. Top Construction:** Tabletops are fabricated utilizing 19-mm industrial particle core substrate with a 45 lb. density. The laminate top shall be a balance sandwich construction with a standard backer sheet. All exposed edges shall be finished with a 25 mm x 13 mm kiln dried hardwood, which is to have a moisture not exceeding 6 –8%. Hardwood edges are mechanically banded to substrate to maximize gluing surface. Hardwood edge profiles as per catalog options indicated.
- 3. Legs:** Options include Queen Anne style hardwood leg or Chippendale style hardwood leg.
- 4. Finish:** All exposed wood parts will be sanded smooth and sealed with 3 coats of catalyzed lacquer. The lacquer will be 35 degree sheen and be a type that is alcohol, water and grease resistant. Sanding of surfaces shall be required between each coat of lacquer to ensure a smooth consistent finish.

TERMS AND CONDITIONS

Guarantee:

The *Ever-care Contract Furnishings* Guarantee is part of these Terms and Conditions.

Product Specifications:

Ever-care Case Good Specifications and Upholstery Specifications are part of the Terms and Conditions, unless exceptions are stated in the Quote or Order Confirmation.

Steps for an Order:

The following steps are part of the Terms and Conditions:

1. Ever-care prepares and signs a Quotation. Submitted with the Quotation are these Terms and Conditions, Credit Info Sheet, Request for Deposit, and Project Line Drawings.
2. **With you PO# or signed quotation, you automatically agree to the Ever-care Terms and Conditions page.**
3. Acceptance of the Purchase Order is subject to receipt of the required deposit, satisfactory customers, creditworthiness, and a checklist review of all details pertaining to the order.
4. After accepting the Purchase Order, and all specific details of the project, Ever-care will prepare an Order Confirmation. The Order Confirmation will be sent to you with any Line Drawings that have not been approved. You must approve and sign the Order Confirmation and the Line Drawings. ORDERS WILL NOT BE PROCESSED UNTIL A SIGNED CONFIRMATION HAS BEEN RECEIVED. **Please cross reference your Confirmations to your Line Drawings, as the signed Confirmation and the Line Drawings become your final authorization and take precedence over the quotation and Purchase Order in regards to actual items ordered.**

All Instructions Must be Made in Writing:

All orders, changes and instructions must be made in writing. This is essential to ensure good communication and minimize errors. Verbal orders, changes and instructions are not valid.

Importance of Confirmation of Shipping Date:

Once the Shipping date is confirmed you will be required to receive the order according to the shipping date. You can delay shipping by two weeks after the date, but once the two weeks period has passed:

1. You will be invoiced and required to pay for the entire order less a 5% holdback.
2. You will be required to pay for storage. Storage costs are calculated per trailer load. \$35.00 per trailer, per day, unless other arrangements have been made. Storage costs must be paid in advance of shipment.

Goods Remain Property of Ever-care Contract Furnishings Until Invoices Are Paid in Full:

Ever-care Contract Furnishings retains title to all items delivered until the invoices are paid in full.

Freight:

Price quotes do not include freight unless specifically listed. All items will be blanket wrapped for shipping unless otherwise agreed in writing. A freight quote is subject to change if you change item quantity or shipping dates. Freight quotes are always approximate and may be subject to fuel surcharge.

Price and Currency:

1. Prices are for quoted orders and are subject to change if quantities and ship dates change.
2. Prices are in currency of Canada, except for US customers which are US currency.

Interest on Overdue Accounts:

Payment on invoices is due 20 days following dates of invoices. Overdue amounts are subject to an interest charge of 18% per annum.

Cost of Collection:

You are required to pay Ever-care costs incurred by Ever-care for third parties, including client/solicitor costs, used to assist Ever-care in the collection of overdue amounts.

Governing Laws:

The purchase and supply contract is made in the jurisdiction of the Province of Saskatchewan and the laws of the Province of Saskatchewan shall apply exclusively.

WARRANTY

Ever-care is pleased to offer a Limited Lifetime Warranty on all products manufactured against defects in materials and workmanship for the life of the product to the original purchaser. This warranty does not apply to damage resulting from misuse, abuse, negligence storage, improper cleaning, stains, accidents, or damage to goods which occur during transit.

Ever-care's obligation under this warranty is limited to repairing or replacing, at its option, any defective furniture. Any product returned to the factory for repair must be authorized by a factory representative prior to return.

Fabric, Crypton, Vinyl & Leather—One (1) Year: Upholstery fabrics are warranted by the original manufacturer against defective material or workmanship for a period of one year. Fabric damage or failure due to chemical treatment or improper cleaning voids the warranty. Warranty for COM fabrics is the responsibility of the purchaser.

Seat Cushion Cores—Ten (10) Years : Cushion cores are warranted by the original manufacturer against loss of resiliency. This loss of resiliency should not be confused with a slight softening of the polyester fiber and foam that will occur as a result of normal aging.

Fully Upholstered Products—Frames and Springs—Lifetime Made of kiln dried engineered hardwood, the frame construction and sinuous wire No-Sag and Stretch Web support systems are warranted against breakage due to defective material or workmanship for a lifetime.

Exposed Hardwood—Frames—Three (3) Year— Warranty applies to all chair combinations of Hardwood frame/upholstered product.

Drawer Boxes: Warranted for the lifetime of the furniture.
